Where have all the voters gone?

This growing problem threatens our democracy.

Over 51% of non-voters are angry and disgusted with politicians and the political process, according to a poll by the Harvard University/ Washington Post Vanishing Voter Project.

Over 70% of non-voters are actually registered to vote, but opt out.

What *can* we do? What *should* we do?

Let's talk about solutions to the problem.
